2D Code Marking

- 1) Click and draw in the marking area.
- 2) After creating the text field, select "QR code" or "Data Matrix" icon.
- 3) On the text screen, enter text and press the "OK" button or the "Enter key" to confirm.

Tip 1: Field link

Set to link the text field to a 2D code. Select the text field to link. Create a text field first and select the field to set up a link.

Tip 2 : Dimensions

24x24

Choose the dimensions for Data Matrix. Choose a proper dimension depends on the number of characters.

Tip 3: Two-way direction

2D Setting

2D code two-way direction

"Go to "Preferences" → "Settings", set the two-way direction.
